

Preparing for the Tribulation !

<https://JESUSisGOD.tv>

The next major Biblical End Times event is the start of the tribulation, not the Rapture!

Are you preparing for the tribulation?

I have been preparing for the tribulation since the late 1980's. Spiritually and mentally I have been ready, but monetarily I have been too poor to prepare, so I am not ready as far as being able to put back much needed supplies.

If you are able to stock up on needed supplies I suggest you do that. For those who are poor like me keep praying and asking Jesus to give you what you need.

Here is a list of what I'm praying for, because I don't want to go to prison or get my head chopped off for being a Christian, and for not taking the mark of the beast.

*Please don't take the mark of the beast, because if you do you will **NEVER** be able to be saved!*

Things I'm praying for to survive the tribulation:

- 1.** *A safe haven to be able to hide from the antichrists during the tribulation.*
- 2.** *Food, water, medicine, and any other necessities needed during the tribulation.*
- 3.** *Patent my inventions, so I have the money to get what I need for the tribulation.*
- 4.** *I have 25 inventions that are major money makers, and I have at least 10-12 inventions that are mostly hobbies.*
- 5.** *One invention is a self-powering generator, and that one invention alone will be able to pay for everything I will need.*
- 6.** *The other inventions will bring in millions of dollars, but the generator will enable me to be able to also help many other people.*
- 7.** *I desire greatly to be able to help Israel to build a safe haven in the mountains nearby, and I desire to hide with the Jews.*
- 8.** *That is all I have in my heart and mind right now!*

If you have the resources, but you lack direction, then contact me!

I may not have the money right now, but Jesus has shown me for many years what to do when I do have the money!

I hope Jesus gives ME the money, but Jesus may be moving you and I to work together to prepare for the tribulation!
